

JOHN D. EHAS

Project Consultant Consultech & Associates, Inc.

John Ehas has more than 30 years of comprehensive experience in Design, Architecture, Project Management and Development and is currently pursuing his Master's Degree in Architecture. Responsibilities include Pre-construction Plan Reviews for commercial and multi-family projects and providing design and drafting services. Additional responsibilities include forensic investigations and reports for residential and commercial structural assignments, and building and accessibility code conformance investigations and evaluations.

John has provided design and drafting services to various architectural firms located throughout the Tampa Bay area through his firm, ThEhos Plans (The House Plans). Prior to the establishment of ThEhos Plans over 20 years ago, John was employed by various architectural firms as trainer of the production staff in the use of Cadd computer aided drafting and design systems as well as standards for the production of architectural documents. He provided CAD and other architectural services (establishment of office standards and criteria for construction documents, etc.) for the following architectural firms:

Walter H. Chancey and Assoc. Architects, P.A., Tampa, Florida
U.S.A (Urban Studio Associates), Tampa, Florida
The Scott Companies, Tampa, Florida
Alfonso Architects, Tampa, Florida
